

STOKVIS 4PRINT

Filmic plate mounting tapes

EFFECTIVE SOLUTIONS TO YOUR PRINTING PROCESS

Stokvis 4Print filmic plate mounting tapes are designed to assure top printing results and to meet the most demanding individual printing needs in flexible packaging, label and corrugated cardboard industry.

Stokvis 4PRINT for the most challenging printing jobs!

- A wide selection of tape thicknesses for the desired printing job
- Consistent print results for flexographic and letterpress printing
- Reliable mounting on compressible sleeves, Mylar sheets, flexoprint and metal printing plates
- Natural rubber and acrylic adhesives systems specifically developed to have firm adhesion, high shear resistance and residue free properties.
- A choice of filmic and paper liners guarantees easy handling and quick application of the tape.
